Dear Mr. Gibson:

**SUBJECT:** Final Pre-Design Studies Report  
Albion-Sheridan Township Landfill, Albion, Michigan

The Michigan Department of Environmental Quality (MDEQ) and the U.S. Environmental Protection Agency conducted a conference call on December 4, 1996, to discuss the revisions to the Pre-Design Studies report for the Albion-Sheridan Township Landfill. One of the MDEQ's concerns with Woodward-Clyde's responses was that it would be necessary to use Operational Memorandum #8, Revision #4 when comparing analytical results to the state cleanup criteria. Woodward-Clyde has noted using Operational Memorandum #8, Revision #2. Ms. Leah Evison requested I send a copy of Operational Memorandum #8, Revision #2 to you so that the changes could be made.

If you have any questions or would like to discuss anything included in this letter, please feel free to contact me.

Sincerely,

Kim Sakowski
